

Call to Action:

I want to show this world
Why I believe what I believe
I want to shine a light and
Let them see what I have seen

It's not enough
To testify with words
Reach out in love
And the message will be heard

This is a call to action
To make the world a better place
In His holy name

Reach out and heal the broken
Feed the hungry, clothe the poor
That's what Love is for

It's time to show this world
Why we believe what we believe
It's time to shine a light and
Let them see what we have seen

It's not enough
To testify with words
Reach out in love
And the message will be heard

This is a call to action
To make the world a better place
In His holy name

Reach out and heal the broken
Feed the hungry, clothe the poor
That's what Love is for

And in the end
We'll see the kingdom come
Because we lived
In the Spirit of His Love

This is a call to action
To make the world a better place
In His holy name

Reach out and heal the broken
Feed the hungry, clothe the poor
That's what Love is for

This is a call to action
To make the world a better place
In His holy name

Reach out and heal the broken
Feed the hungry, clothe the poor
That's what Love is for

And in the end
We'll see the kingdom come
Because we lived
In the Spirit of His Love
