

**In Control:**

I don't have anything  
Apart from you  
All that I ever need  
Eternally rests on this Truth

You are the ground  
I am standing on  
You are the light to my feet

You are the strength  
To keep moving on when all is lost  
You are the reason I sing

Jesus, I believe  
You're in control  
You're in control  
And you are everything to me

I put my hope  
I put my hope  
in you Lord

I can't go anywhere  
Apart from you

I look around me and  
You are there, You're everywhere  
Moving in all that I do

Jesus, I believe  
You're in control  
You're in control  
And you are everything to me

I put my hope  
I put my hope  
In you Lord

Jesus, I believe  
You're in control  
You're in control  
And you are everything to me

I put my hope  
I put my hope  
In you Lord

Jesus, I believe  
You're in control  
You're in control  
And you are everything to me

I put my hope  
I put my hope  
In you Lord

Jesus I know  
I'm not alone  
You said You'd always be there  
You said You'd always be there

Oh...  
You're in control  
You're in control

You said You'd always be there  
You said You'd always be there
