

## **Welcome Here:**

Let the Spirit descend like rain  
Washing over the thirsty plains  
Let it fall down the mountainside  
Pouring out from the source of Life

Jesus, You are welcome here  
We believe you are drawing near  
You are welcome here  
God with us

You are welcome here  
At the cross we are drawing near  
You are welcome here  
God with us

Let the Spirit ascend like fire  
Burning through all the world desires  
Let it rise up into the night  
Pouring out from the source of Light

Jesus, You are welcome here  
We believe you are drawing near  
You are welcome here  
God with us

You are welcome here  
At the cross we are drawing near  
You are welcome here  
God with us
